Assembly Directions:

You will use the first set of cards from the cover page as the movable pieces for this resource. Cut off the section with the cards, cut the cards apart, laminate, and add Velcro to the back. (I like to use hard Velcro on these pieces)

Cut off the side sections for every page except the last page.

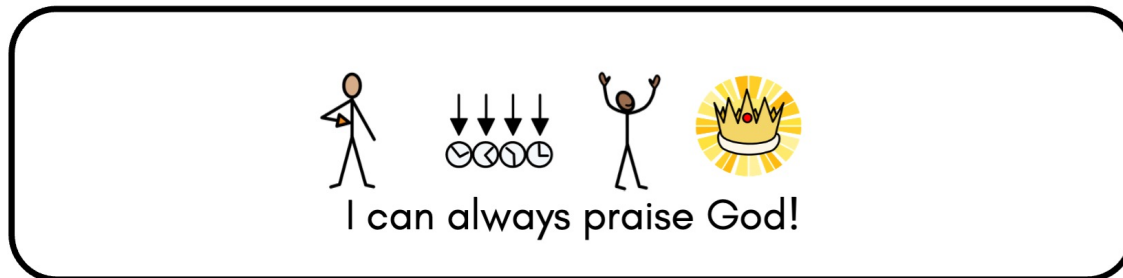

The last page will be the "storage" board. Do not cut off any part of that page. You'll add Velcro to each square. (I like to use the soft Velcro on the storage surface.)

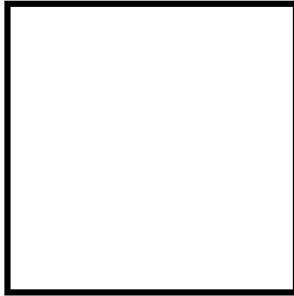

See the example photo below 

Bind with rings, spiral binding, or comb binding. More information about binding [here](#).

Can't purchase right now?

If purchasing these supplies isn't in your budget right now, here are some tips.

- 1) Staples and other office supplies stores can laminate for you. It's usually \$1-\$2 per page.
- 2) You can use sticky tack to attach moveable pieces to the book if you do not have Velcro on hand. For long term use/storage, I recommend getting Velcro.
